## INTRODUCTION

### 1. Context

Barnish Primary School is a maintained primary school situated in Ballyvoy on the outskirts of Ballycastle in County Antrim. The enrolment has decreased significantly over the past four years and there are currently 38 children attending the school. The percentage of children entitled to free school meals is just over 18% of the enrolment while 21% of the children require additional help with aspects of their learning.

The school is involved in a shared education partnership with another primary school and the two local post-primary schools.

Four of the teaching unions which make up the Northern Ireland Teachers' Council (NITC) have declared industrial action primarily in relation to a pay dispute. This includes non-co-operation with the Education and Training Inspectorate (ETI). Prior to the inspection, the school informed the ETI that none of the teachers would be co-operating with the inspectors. The ETI has a statutory duty to monitor, inspect and report on the quality of education under Article 102 of the Education and Libraries (Northern Ireland) Order 1986. Therefore, the inspection proceeded and the following evaluations are based on the evidence as made available at the time of the inspection.

### 2. Views of parents and staff

As a result of the action short of strike, the school did not distribute the online questionnaire information to parents and staff. Therefore, it is not possible to report on the views of parents and staff.

### 3. Focus of the inspection

The ETI was unable to evaluate:

- outcomes for children with a particular focus on literacy;
- quality of provision with a particular focus on literacy including across the curriculum; and
- quality of leadership and management.

### 4. Overall findings of the inspection

<b>Overall effectiveness</b>	Unable to assure of the quality of education
<b>Outcomes for learners</b>	No performance level available
<b>Quality of provision</b>	No performance level available
<b>Leadership and management</b>	No performance level available

## KEY FINDINGS

### 5. Outcomes for learners

The ETI was unable to evaluate:

- the learning outcomes for the children, including those who require additional support with aspects of their learning;

- progression in the children's learning; and
- the children's wider skills and dispositions.

## **6. Quality of provision**

The ETI was unable to evaluate:

- the quality of the curriculum;
- the effectiveness of the guidance and support in bringing about high quality individual learning experiences;
- the effectiveness and impact of planning, teaching, learning and assessment in promoting successful learning; and
- care and welfare.

## **7. Leadership and management**

- It continues to be important that the employing authority, governors and the staff plan for, and manage, issues related to the sustainability of the school in relation to the school's provision and budget in order to address the current and future needs of the children and the staff.

The ETI was unable to evaluate:

- the effectiveness of strategic leadership and governance;
- the effectiveness and impact of middle leadership; and
- the effectiveness of action to promote and sustain improvement.

## **8. Safeguarding**

- During the inspection, the school provided evidence that the arrangements for safeguarding children reflect broadly the guidance from the Department of Education. However, owing to the action short of strike, the ETI was not able to hold discussions with the staff and children nor evaluate fully the outworking of the arrangements for safeguarding in the school.

## **9. Overall effectiveness**

Owing to the impact of the action short of strike being taken by the staff, the ETI is unable to assure parents/carers, the wider school community and stakeholders of the quality of education being provided for the children. The school is a high priority for future inspection with no further notice.

### **Inspection methodology and evidence base**

The ETI's Inspection and Self-Evaluation Framework is available on the ETI website: [The Inspection and Self-Evaluation Framework \(ISEF\): Effective Practice and Self-Evaluation Questions for Primary | Education Training Inspectorate](#)

Inspectors observe learning and teaching, scrutinise documentation and the children's written work and hold formal and informal discussions with children, teachers and staff with specific responsibilities.

The arrangements for inspection include:

- a meeting with a representative from the governors;
- meetings with groups of children; and
- the opportunity for the parents, teaching and support staff to complete a confidential questionnaire.

Where, owing to the action short of strike, this evidence base was not available, it has been referenced in the body of the inspection report.

The arrangements for this inspection included:

- a meeting with the principal.
