INTRODUCTION

1. Context

Derryboy Primary School is a controlled primary school situated between Killyleagh, Killinchy and Crossgar. Almost all of the children attending the school come from the surrounding area. The school participates in a Shared Education programme with a local primary school.

Four of the teaching unions which make up the Northern Ireland Teachers' Council (NITC) have declared industrial action primarily in relation to a pay dispute. This includes non-co-operation with the Education and Training Inspectorate (ETI). Prior to the inspection, the school informed the ETI that none of the teachers including the principal would be co-operating with the inspectors. The ETI has a statutory duty to monitor, inspect and report on the quality of education under Article 102 of the Education and Libraries (Northern Ireland) Order 1986. Therefore, the inspection proceeded and the following evaluations are based on the evidence as made available at the time of the inspection.

2. Views of parents and staff

As a result of the action short of strike, the school did not distribute the confidential, online questionnaire information to parents and staff. Therefore, it is not possible to report on the views of parents and staff.

3. Focus of the inspection

The ETI was unable to evaluate:

- outcomes for children with a particular focus on numeracy;
- quality of provision with a particular focus on numeracy including across the curriculum; and
- quality of leadership and management.

4. Overall findings of the inspection

Overall effectiveness	Unable to assure of the quality of education
Outcomes for learners	No performance level available
Quality of provision	No performance level available
Leadership and management	No performance level available

KEY FINDINGS

5. Outcomes for learners

The ETI was unable to evaluate:

- the learning outcomes for the children, including those who require additional support with aspects of their learning;
- progression in the children's learning; and
- the children's wider skills and dispositions.

6. Quality of provision

The ETI was unable to evaluate:

- the quality of the curriculum;
- the effectiveness of the guidance and support in bringing about high quality individual learning experiences;
- the effectiveness and impact of planning, teaching, learning and assessment in promoting successful learning; and
- care and welfare.

7. Leadership and management

The ETI was unable to evaluate:

- the effectiveness of strategic leadership and governance;
- the effectiveness and impact of middle leadership; and
- the effectiveness of action to promote and sustain improvement.
- It will be important that the employing authority, school governors and the staff plan for, and manage, issues related to the sustainability of the school provision and school budget, in order to address the current and future needs of the children and the staff.

8. Safeguarding

During the inspection, the school did not provide evidence that the arrangements for safeguarding reflect or reflect broadly the guidance from the Department of Education¹. Owing to the action short of strike, the ETI was unable to evaluate the outworking of the arrangements for safeguarding in the school.

9. Overall effectiveness

Owing to the impact of the action short of strike being taken by the principal and teachers, the ETI is unable to assure parents/carers, the wider school community and stakeholders of the quality of education and safeguarding being provided for the children. The school is a high priority for future inspection with no further notice.

The ETI will return to the school within six weeks to evaluate the progress in addressing the arrangements for safeguarding.

¹ The Department of Education will seek assurance from the Education Authority that they are working with the school in relation to the inspection report.

Inspection methodology and evidence base

The ETI's Inspection and Self-Evaluation Framework is available on the ETI website: [The Inspection and Self-Evaluation Framework \(ISEF\): Effective Practice and Self-Evaluation Questions for Primary | Education Training Inspectorate](#)

Inspectors observe learning and teaching, scrutinise documentation and the children's written work and hold formal and informal discussions with children, teachers and staff with specific responsibilities.

The arrangements for inspection include:

- a meeting with representatives from the governors;
- meetings with groups of children; and
- the opportunity for the children, parents, teaching and support staff to complete a confidential, online questionnaire.

Where, owing to the action short of strike, this evidence base was not available, it has been referenced in the body of the inspection report.

ADDENDUM TO THE REPORT ON THE INSPECTION OF DERRYBOY PRIMARY SCHOOL (401-1578) IN MAY 2018

The ETI returned to the school on 8 June 2018 to monitor and report on arrangements for safeguarding.

The purpose of the visit was to provide the school with a further opportunity to provide evidence on its arrangements for safeguarding. Owing to action short of strike, the school did not provide evidence that the arrangements for safeguarding children reflect or reflect broadly the guidance from the Department of Education at the time of the inspection on 21 May 2018.

During the follow-up visit, the school provided evidence that the arrangements for safeguarding children reflect broadly the guidance from the Department of Education. The school should continue to implement the appropriate planned review of policies and procedures to reflect current guidance and best practice.

In discussion with inspectors, a group of children from year 6 reported that they feel safe in school. They know what to do and who to talk to if they are concerned about their safety or well-being. However, owing to the action short of strike, the ETI was unable to evaluate fully the outworking of the arrangements for safeguarding in the school.
