## INTRODUCTION

### 1. Context

St Eithne's Primary School is a maintained Primary School situated in the Hazelbank area of Derry. Since the last inspection, there have been changes to the senior management team and staffing including new appointments and a reorganisation of a number of management roles and responsibilities. The school holds currently a Bronze 'SUSTRANS'<sup>1</sup> Award promoting active travel to school.

The trade unions which make up the Northern Ireland Teachers' Council (NITC) have declared industrial action primarily in relation to a pay dispute, and also workload and other management issues. The industrial action includes non-co-operation with the Education and Training Inspectorate (ETI). Prior to the inspection, the school informed the ETI that none of the teachers would be co-operating with the inspection. The senior leadership co-operated with the inspection team in relation to their safeguarding responsibilities. The ETI has a statutory duty to monitor, inspect and report on the quality of education under Article 102 of the Education and Libraries (Northern Ireland) Order 1986. Therefore, the inspection proceeded and the following evaluations are based on the evidence as made available at the time of the inspection.

### 2. Children's, parents' and staff questionnaire responses

As a result of the action short of strike, the school did not distribute the confidential, online questionnaire information to year 7 children, parents and staff. Therefore, it is not possible to report on the views of children, parents and staff.

### 3. Focus of the inspection

The ETI was unable to evaluate:

- outcomes for children with a particular focus on numeracy and literacy;
- quality of provision with a particular focus on numeracy and literacy including across the curriculum; and
- quality of leadership and management.

<sup>1</sup> SUSTRANS: a project that encourages children and parents to walk, cycle and use public transport.

<sup>2</sup> The term 'FSME Percentage' refers to the percentage of children entitled to free school meals.

#### **4. Overall findings of the inspection**

<b>Overall effectiveness</b>	Unable to assure the quality of education
<b>Outcomes for learners</b>	No performance level available
<b>Quality of provision</b>	No performance level available
<b>Leadership and management</b>	No performance level available

### **KEY FINDINGS**

#### **5. Outcomes for learners**

- The group of year 6 children, who talked to the inspectors, spoke enthusiastically about their enjoyment of learning and how they use their leadership skills in their roles as 'digital leaders' and members of the school council.

The ETI was unable to evaluate fully:

- the learning outcomes for the children, including those who require additional support with aspects of their learning;
- progression in the children's learning; and
- the children's wider skills and dispositions.

#### **6. Quality of provision**

The ETI was unable to evaluate:

- the quality of the curriculum;
- the effectiveness of the guidance and support in bringing about high quality individual learning experiences;
- the effectiveness and impact of planning, teaching, learning and assessment in promoting successful learning; and
- care and welfare.

#### **7. Leadership and management**

The ETI was unable to evaluate:

- the effectiveness of strategic leadership and governance;
- the effectiveness and impact of middle leadership; and
- the effectiveness of action to promote and sustain improvement.

## **8. Safeguarding**

During the inspection, the school provided evidence that the arrangements for safeguarding children reflect broadly the guidance from the Department of Education. The children report that they feel safe in the school and that they are aware of what to do if they have any concerns about their safety or welfare. They spoke maturely about how they express their thoughts and feelings through circle time and the classroom 'thoughts box.'

However, owing to the action short of strike, the ETI was unable to evaluate fully the outworking of the arrangements for safeguarding in the school.

## **9. Overall effectiveness**

Owing to the impact of the action short of strike being taken by the staff the ETI is unable to assure parents/carers, the wider school community and stakeholders of the quality of education being provided for the children. The school is a high priority for future inspection with no further notice.

### Inspection methodology and evidence base

The ETI's Inspection and Self-Evaluation Framework is available on the ETI website: [The Inspection and Self-Evaluation Framework \(ISEF\): Effective Practice and Self-Evaluation Questions for Primary | Education Training Inspectorate](#)

Inspectors observe learning and teaching, scrutinise documentation and the children's written work and hold formal and informal discussions with children, teachers and staff with specific responsibilities.

The arrangements for inspection include:

- a meeting with representatives of the governors;
- meetings with groups of children; and
- the opportunity for the children, parents, teaching and support staff to complete a confidential, online questionnaire.

Where, owing to the action short of strike, this evidence base was not available, it has been referenced in the body of the inspection report.

The arrangements for this inspection included:

- a meeting with the principal and designated teacher for child protection; and
- a meeting with a group of year 6 children.
