### INTRODUCTION

### 1. Context

St Patrick's Primary School, Ballygalget is situated in a rural location four miles from Portaferry. The school's enrolment remains steady. At the time of inspection, 117 children were enrolled, including two children under compulsory school age attending the Reception provision. At the time of inspection, the principal has been in post for one year. The school is involved with a local primary school in a shared education partnership.

Four of the teaching unions which make up the Northern Ireland Teachers' Council (NITC) have declared industrial action primarily in relation to a pay dispute. This includes non-co-operation with the Education and Training Inspectorate (ETI). Prior to the inspection, the school informed the ETI that none of the teachers would be co-operating with the inspectors. The principal co-operated with the inspection team in relation to safeguarding responsibilities. The ETI has a statutory duty to monitor, inspect and report on the quality of education under Article 102 of the Education and Libraries (Northern Ireland) Order 1986. Therefore, the inspection proceeded and the following evaluations are based on the evidence as made available at the time of the inspection.

### 2. Children's, parents' and staff questionnaire responses

As a result of the action short of strike, the school did not distribute the online, confidential questionnaire information to children, parents and staff. Therefore, it is not possible to report on the views of children, parents and staff.

### 3. Focus of the inspection

The ETI was unable to evaluate:

- outcomes for children with a particular focus on numeracy;
- quality of provision with a particular focus on numeracy including across the curriculum; and
- quality of leadership and management.

### 4. Overall findings of the inspection

Overall effectiveness	Unable to assure the quality of education		
Outcomes for learners	No performance level available		
Quality of provision	No performance level available		
Leadership and management	No performance level available		

### **KEY FINDINGS**

### 5. Outcomes for learners

The ETI was unable to evaluate:

- the learning outcomes for the children, including those who require additional support with aspects of their learning;
- progression in the children's learning; and
- the children's wider skills and dispositions.

### 6. Quality of provision

 In discussions with the inspectors, a group of year 6 children spoke very enthusiastically about their learning experiences, and about the opportunities they have to assume roles of responsibility, for example, as 'playground buddies' and School- and Eco-councillors.

The ETI was unable to evaluate fully:

- the quality of the curriculum;
- the effectiveness of the guidance and support in bringing about high quality individual learning experiences;
- the effectiveness and impact of planning, teaching, learning and assessment in promoting successful learning; and
- care and welfare.

### 7. Leadership and management

The ETI was unable to evaluate:

- the effectiveness of strategic leadership and governance;
- the effectiveness and impact of middle leadership; and
- the effectiveness of action to promote and sustain improvement.

### 8. Safeguarding

 During the inspection, the school provided evidence that the arrangements for safeguarding children reflect broadly the guidance from the Department of Education. In discussion with the inspectors, the children reported that they feel safe and happy in school and know whom to talk to if they have any concerns about their safety or well-being. However, owing to the action short of strike, the ETI was unable to evaluate fully the outworking of the arrangements for safeguarding in the school.

### 9. Overall effectiveness

Owing to the impact of the action short of strike being taken by the staff, the ETI is unable to assure parents/carers, the wider school community and stakeholders of the quality of education being provided for the children. The school is a high priority for future inspection with no further notice.

### **APPENDIX A**

## Health and safety/Accommodation

- 1. There is no disability access control at the front entrance of the school.
- 2. There is no protection from inclement weather between the mobile classrooms and the main building at the rear of the school.

### Inspection methodology and evidence base

The ETI's Inspection and Self-Evaluation Framework is available on the ETI website: <u>The Inspection and Self-Evaluation Framework (ISEF)</u>: <u>Effective Practice and Self-Evaluation Questions for Primary | Education Training Inspectorate</u>

Inspectors observe learning and teaching, scrutinise documentation and the children's written work and hold formal and informal discussions with children, teachers and staff with specific responsibilities.

The arrangements for inspection include:

- a meeting with a representative from the governors;
- · meetings with groups of children; and
- the opportunity for the children, parents, teaching and support staff to complete an online, confidential questionnaire.

Where, owing to the action short of strike, this evidence base was not available, it has been referenced in the body of the inspection report.

The arrangements for this inspection included:

- meetings with the principal;
- a meeting with year 6 children; and
- an opportunity to read documentation presented as supporting evidence of the safeguarding arrangements.

### Reporting terms used by the Education and Training Inspectorate

### **Quantitative terms**

In this report, proportions may be described as percentages, common fractions and in more general quantitative terms. Where more general terms are used, they should be interpreted as follows:

5

<sup>&</sup>lt;sup>1</sup> And the overall provision in a unit, as applicable.

### **Overall effectiveness**

The ETI use one of the following inspection outcomes when evaluating the overall effectiveness of the school:

The school has a high level of capacity for sustained improvement in the interest of all the learners. The ETI will monitor how the school sustains improvement.

The school demonstrates the capacity to identify and bring about improvement in the interest of all the learners. The ETI will monitor how the school sustains improvement.

The school needs to address (an) important area(s) for improvement in the interest of all the learners. The ETI will monitor and report on the school's progress in addressing the area(s) for improvement. There will be a formal follow-up inspection in 12 to 18 months.

The school needs to address urgently the significant areas for improvement identified in the interest of all the learners. It requires external support to do so. The ETI will monitor and report on the school's progress in addressing the areas for improvement. There will be a formal follow-up inspection in 18 to 24 months.
