#### INTRODUCTION

#### 1. Context

St Patrick's Primary School is a maintained primary school situated in the village of The Loup, approximately four miles from Magherafelt. All of the children attending the school come from the village and the surrounding rural area. The school participates in a shared education partnership with a neighbouring special school.

The trade unions which make up the Northern Ireland Teachers' Council (NITC) have declared industrial action primarily in relation to a pay dispute, and also workload and other management issues. The industrial action includes non-co-operation with the Education and Training Inspectorate (ETI). Prior to the inspection, the school informed the ETI that none of the teachers would be co-operating with the inspection. The senior leadership co-operated with the inspection team in relation to their safeguarding responsibilities. The ETI has a statutory duty to monitor, inspect and report on the quality of education under Article 102 of the Education and Libraries (Northern Ireland) Order 1986. Therefore, the inspection proceeded and the following evaluations are based on the evidence as made available at the time of the inspection.

St Patrick's Primary School	2016-17	2017-18	2018-19	2019-20

# 2. Children's, parents' and staff questionnaire responses

As a result of the action short of strike, the school did not distribute the confidential, online questionnaire information to year 7 children, parents and staff. Therefore, it is not possible to report on their views.

# 3. Focus of the inspection

The ETI was unable to evaluate:

- outcomes for children with a particular focus on numeracy and literacy;
- quality of provision with a particular focus on numeracy and literacy including across the curriculum; and
- quality of leadership and management.

<sup>\*</sup> fewer than 5 N/A not available

<sup>&</sup>lt;sup>1</sup> The term 'FSME Percentage' refers to the percentage of children entitled to free school meals.

# 4. Overall findings of the inspection

Overall effectiveness	Unable to assure the quality of education
Outcomes for learners	No performance level available
Quality of provision	No performance level available
Leadership and management	No performance level available

# **KEY FINDINGS**

# 5. Outcomes for learners

• The year 6 children who met with inspectors were mature and friendly. They engaged confidently with each other and with the inspectors, explaining precisely and clearly their views on school life.

The ETI was unable to evaluate fully:

- the learning outcomes for the children, including those who require additional support with aspects of their learning;
- progression in the children's learning; and
- the children's wider skills and dispositions.

# 6. Quality of provision

• A small group of year 6 children who met with the inspectors spoke positively about their learning experiences, for example, writing play scripts and engaging in art activities and educational visits. They appreciate the variety of sporting and extracurricular activities offered by the school and opportunities to develop their leadership skills through the 'digital leaders' team' and the eco-club. The children spoke enthusiastically about the friendships they are developing through the shared education partnership programme.

The ETI was unable to evaluate fully:

- the quality of the curriculum;
- the effectiveness of the guidance and support in bringing about high quality individual learning experiences;
- the effectiveness and impact of planning, teaching, learning and assessment in promoting successful learning; and
- care and welfare.

# 7. Leadership and management

The ETI was unable to evaluate:

- the effectiveness of strategic leadership and governance;
- the effectiveness and impact of middle leadership; and
- the effectiveness of action to promote and sustain improvement.

# 8. Safeguarding

 During the inspection, the school provided evidence that the arrangements for safeguarding children reflect broadly the guidance from the Department of Education. The children report that they feel safe in the school and that they are aware of what to do if they have any concerns about their safety or welfare. They spoke knowledgeably and confidently about how to stay safe online. However, owing to the action short of strike, the ETI was unable to evaluate fully the outworking of the arrangements for safeguarding in the school.

# 9. Overall effectiveness

Owing to the impact of the action short of strike being taken by the staff, the ETI is unable to assure parents/carers, the wider school community and stakeholders of the quality of education being provided for the children. The school is a high priority for future inspection with no further notice.

# Inspection methodology and evidence base

The ETI's Inspection and Self-Evaluation Framework is available on the ETI website: <u>The Inspection and Self-Evaluation Framework (ISEF)</u>: <u>Effective Practice and Self-Evaluation</u> Questions for Primary | Education Training Inspectorate

Inspectors observe learning and teaching, scrutinise documentation and the children's written work and hold formal and informal discussions with children, teachers and staff with specific responsibilities.

The arrangements for inspection include:

- a meeting with a representative of the governors;
- meetings with groups of children; and
- the opportunity for the children, parents, teaching and support staff to complete a confidential, online questionnaire.

Where, owing to the action short of strike, this evidence base was not available, it has been referenced in the body of the inspection report.

The arrangements for this inspection included:

- a review of the school's child protection and safeguarding documentation;
- a meeting with the principal in relation to child protection and safeguarding; and
- a meeting with a small group of year 6 children.

# Reporting terms used by the Education and Training Inspectorate

# **Quantitative terms**

In this report, proportions may be described as percentages, common fractions and in more general quantitative terms. Where more general terms are used, they should be interpreted as follows:

Almost/nearly all	-	more than 90%
Most	-	75% - 90%
A majority	-	50% - 74%
A significant minority	-	30% - 49%

Does not impacts positively enough on learning, teaching and outcomes for learners.

<sup>&</sup>lt;sup>2</sup> And the overall provision in a unit, as applicable.

# **Overall effectiveness**

The ETI use one of the following inspection outcomes when evaluating the overall effectiveness of the school:

The school has a high level of capacity for sustained improvement in the interest of all the learners. The ETI will monitor how the school sustains improvement.

The school demonstrates the capacity to identify and bring about improvement in the interest of all the learners. The ETI will monitor how the school sustains improvement.

The school needs to address (an) important area(s) for improvement in the interest of all the learners. The ETI will monitor and report on the school's progress in addressing the area(s) for improvement. There will be a formal follow-up inspection in 12 to 18 months.

The school needs to address urgently the significant areas for improvement identified in the interest of all the learners. It requires external support to do so. The ETI will monitor and report on the school's progress in addressing the areas for improvement. There will be a formal follow-up inspection in 18 to 24 months.
