INTRODUCTION

1. Context

Grange Park Primary School is located on the west side of Bangor. The majority of the children come from the immediate and greater Bangor area. The school celebrates its fiftieth anniversary this year.

Four of the teaching unions which make up the Northern Ireland Teachers' Council (NITC) have declared industrial action primarily in relation to a pay dispute. This includes non-co-operation with the Education and Training Inspectorate (ETI). Prior to the inspection, the school informed the ETI that none of the teachers would be co-operating with the inspectors. The principal co-operated with the inspection team in relation to her leadership responsibilities. The ETI has a statutory duty to monitor, inspect and report on the quality of education under Article 102 of the Education and Libraries (Northern Ireland) Order 1986. Therefore, the inspection proceeded and the following evaluations are based on the evidence as made available at the time of the inspection.

Grange Park Primary School	2015-16	2016-17	2017-18	2018-19
Enrolment	409	410	412	408
% School attendance	96.9	97.2	96.8	N/A
% NI Primary school average	95.5	95.5	N/A	N/A
FSME ¹ Percentage	13.9	12.9	9.5	N/A
No. of children on SEN register	60	58	56	N/A
% of children on SEN register	14.7	14.1	13.6	N/A
No. of children with statements of educational need	7	8	7	N/A
No. of newcomer children	*	*	*	N/A

Source: data as held by the school.

* fewer than 5

N/A not available

2. Children's, parents' and staff questionnaire responses

As a result of the action short of strike, the school did not distribute the online, confidential questionnaire information to children, parents and staff. Therefore, it is not possible to report on the views of children, parents and staff.

3. Focus of the inspection

The ETI was unable to evaluate the:

- outcomes for children with a particular focus on numeracy and literacy;
- the quality of provision with a particular focus on numeracy and literacy including across the curriculum; and
- the quality of leadership and management.

¹ The term 'FSME Percentage' refers to the percentage of children entitled to free school meals.

4. Overall findings of the inspection

Overall effectiveness	Unable to assure of the quality of education
Outcomes for learners	No performance level available
Quality of provision	No performance level available
Leadership and management	No performance level available

KEY FINDINGS

5. Outcomes for learners

- The group of children who met with the inspectors spoke of their enjoyment of mathematics, performed calculations accurately and had a very good understanding of a wider range of mathematical concepts. The children also discussed in a mature and enthusiastic manner their reading preferences and read fluently with an intonation reflecting their understanding of more complex language and ideas.

The ETI was unable to evaluate fully:

- the learning outcomes for the children, including those who require additional support with aspects of their learning;
- progression in the children's learning; and
- the children's wider skills and dispositions.

6. Quality of provision

The ETI was unable to evaluate:

- the quality of the curriculum;
- the effectiveness of the guidance and support in bringing about high quality individual learning experiences;
- the effectiveness and impact of planning, teaching, learning and assessment in promoting successful learning; and
- care and welfare.

7. Leadership and management

- There have been recently significant changes in staff and a restructuring of the senior leadership team, including the appointment of a new vice-principal. Consequently, the staff recognise the need to update and review the school development plan.

The ETI was unable to evaluate fully:

- the effectiveness of strategic leadership and governance;
- the effectiveness and impact of middle leadership; and
- the effectiveness of action to promote and sustain improvement.

8. Safeguarding

- During the inspection, the school provided evidence that the arrangements for safeguarding children reflect broadly the guidance from the Department of Education. In discussions with the inspectors, a group of children in year 6 spoke positively about the academic and pastoral support they receive from the staff. They also reported that they feel safe and are aware of what to do if they have any concerns about their safety or welfare. However, owing to the action short of strike, the ETI was unable to evaluate fully the outworking of the arrangements for safeguarding in the school.

9. Overall effectiveness

Owing to the impact of the action short of strike being taken by the staff, the ETI is unable to assure parents/carers, the wider school community and stakeholders of the quality of education being provided for the children. This will be reflected in future inspection activity.

Health and safety/Accommodation

1. Review the arrangements and risk assessments for the:
 - secure access to the school site including the main entrance barrier and perimeter fencing;
 - mobile classroom which is open to access by unauthorised personnel and has no permanent installation of communication with the main school building; and
 - external pathways and steps around the school buildings that are without handrails.

Inspection methodology and evidence base

The ETI's Inspection and Self-Evaluation Framework is available on the ETI website: [The Inspection and Self-Evaluation Framework \(ISEF\): Effective Practice and Self-Evaluation Questions for Primary | Education Training Inspectorate](#)

Inspectors observe learning and teaching, scrutinise documentation and the children's written work and hold formal and informal discussions with children, teachers and staff with specific responsibilities.

The arrangements for inspection include:

- meetings with representatives from the governors;
- meetings with groups of children; and
- the opportunity for the children, parents, teaching and support staff to complete an online, confidential questionnaire.

Where, owing to the action short of strike, this evidence base was not available, it has been referenced in the body of the inspection report.

The arrangements for this inspection included:

- meetings with the chair of governors ,the designated governor and principal; and
- meetings with selections of year 6 and 7 children.

Reporting terms used by the Education and Training Inspectorate

Quantitative terms

In this report, proportions may be described as percentages, common fractions and in more general quantitative terms. Where more general terms are used, they should be interpreted as follows:

Almost/nearly all	-	more than 90%
Most	-	75% - 90%
A majority	-	50% - 74%
A significant minority	-	30% - 49%
A minority	-	10% - 29%
Very few/a small number	-	less than 10%

Performance levels

The ETI use the following performance levels when reporting on outcomes for learners, quality of provision and leadership and management²:

Outstanding
Very good
Good
Important area(s) for improvement
Requires significant improvement
Requires urgent improvement

The ETI use the following levels when reporting on governance:

High degree of confidence
Confidence
Limited confidence

The ETI use the following levels when reporting on safeguarding:

Reflects the guidance
Reflects broadly the guidance
Unsatisfactory

The ETI use the following levels when reporting on care and welfare:

Impacts positively on learning, teaching and outcomes for learners.
Does not impact positively enough on learning, teaching and outcomes for learners.

² And the overall provision in a unit, as applicable.

Overall effectiveness

The ETI use one of the following inspection outcomes when evaluating the overall effectiveness of the school:

The school has a high level of capacity for sustained improvement in the interest of all the learners. The ETI will monitor how the school sustains improvement.
The school demonstrates the capacity to identify and bring about improvement in the interest of all the learners. The ETI will monitor how the school sustains improvement.
The school needs to address (an) important area(s) for improvement in the interest of all the learners. The ETI will monitor and report on the school's progress in addressing the area(s) for improvement. There will be a formal follow-up inspection in 12 to 18 months.
The school needs to address urgently the significant areas for improvement identified in the interest of all the learners. It requires external support to do so. The ETI will monitor and report on the school's progress in addressing the areas for improvement. There will be a formal follow-up inspection in 18 to 24 months.
