# Home Office (Tier 4) Educational Oversight Inspections

## Annual Monitoring Review Inspection application form

July 2022

Providing Inspection services for:  
Department of Education  
Department for the Economy  
and other commissioning Departments

The Education and Training Inspectorate (ETI) has agreed with the Home Office to undertake Annual Monitoring Review inspections (for provision up to and including level 3 only) for organisations that have already achieved Educational Oversight. The inspections are designed to ensure that educational standards and a high quality of provision are being maintained throughout the full four-year inspection cycle. The inspections will be carried out in adherence to the Tier 4 guidelines, published by the Home Office<sup>1</sup>.

The following application form should be completed to request that the ETI carry out an Annual Monitoring Review inspection of your organisation, in adherence to the Tier 4 Educational Oversight requirements. Organisations are also asked to complete and submit a self-evaluation report and a safeguarding proforma, as part of the application process, using the most up-to-date templates available on the organisation InsPIRE portal<sup>2</sup> and the ETI website<sup>3</sup>.

The ETI will scrutinise the application form, self-evaluation report, and safeguarding proforma, and make arrangements with the organisation to carry out a one-day visit to discuss the documents with management and evaluate the quality of the provision. The one-day visit will normally include a small number of classroom observations and discussions with staff and students.

**The application form consists of two sections:**

**Section 1:** An update on any key changes or developments since the last full Educational Oversight or Annual Monitoring Review inspection including; strategic changes or changes in curriculum provision, staffing, accommodation and resources, and an update on progress made to address any areas for improvement identified in the organisation's previous inspection report.

**Section 2:** Current information on curriculum provision and enrolments.

Please complete the form as clearly and accurately as possible. The ETI will request any further information which is deemed relevant to support or clarify your application. The ETI will acknowledge the receipt of your application within 10 working days. Payment in full must be submitted with this application form (see fees document – footnote 3).

<sup>2</sup> When inspections restart post Covid-19, all inspections will be largely paperless through the InsPIRE system. Each organisation will have access to an InsPIRE portal, which is always available. Upon notification of an inspection the organisation portal will link to a live inspection area specific to the inspection activity, which will provide access to all relevant guidance and materials, a repository for uploaded materials, along with communication access to the Reporting Inspector. The inspection team can access the live inspection area through a Virtual Inspection Room in InsPIRE.

or submitted electronically : [eti@education-ni.gov.uk](mailto:eti@education-ni.gov.uk) indicating clearly that it is with regard to a Home Office Annual Monitoring Review inspection.

The ETI will formally report back the main inspection findings to senior management within your organisation at the end of the visit. A short inspection report will be issued to management after the visit to check for factual accuracy, and the report will then be published on the ETI website ([www.etini.gov.uk](http://www.etini.gov.uk)). The ETI will also notify the Home Office of the outcomes of all inspection activity carried out; it is also the responsibility of each individual organisation to inform the Home Office of the outcomes of inspection.

The arrangements for safeguarding young people and adults at risk will form part of the inspection process. If the arrangements are not sufficiently robust and do not comply fully with the Children (Northern Ireland) Order 1995 and the Safeguarding Vulnerable Groups (NI) Order 2007, the Home Office will be informed and relevant information may be shared with other relevant agencies<sup>4</sup>. A follow-up safeguarding visit by ETI, to monitor progress made on areas for improvement highlighted during the inspection, will be required and should take place within six working weeks from the date of the report-back of the inspection outcomes. The inspection report will not be published until the follow-up safeguarding visit has taken place.

## Requirements of organisations seeking educational oversight

Each organisation seeking educational oversight by the ETI must meet the following requirements. It must:

- exercise its responsibilities through its own organisation and not devolve to another body any part of those responsibilities, subsequent to a successful inspection outcome by ETI;
- follow the procedures that it has set out in formal submissions to the ETI to demonstrate how it meets the expectations of relevant education standards and quality management; and
- make resources available to implement fully the approved procedures that are set out in its formal documentation or submissions to the ETI and recommendations made by the ETI arising from inspection.

Applicant organisations shall supply information to the ETI about their programmes and activities, including information that may not be in the public domain, as and when requested by the ETI.

An organisation shall adhere to the Home Office guidelines for Tier 4 sponsors and should inform the ETI of any proposed changes to:

- its aims;
- its legal identity or status;
- the bodies validating the qualifications it delivers;
- the locus of authority for the award of qualifications within the organisation's governance structure;
- the terms of reference, including the membership specification, of its governing body and any other body which may hold specific awarding responsibilities;
- ownership of the organisation;
- formally binding relationships with any external organisations;
- the name(s) under which it operates;
- the geographical areas(s) or region(s) in which it operates;
- the chief officer (or other senior manager who holds responsibility for ensuring that the organisation continues to meet its obligations); and
- any other material circumstances as listed in the Home Office Guidelines.

## What you can expect from the ETI

The ETI provides an inspection service which will lead to a published report about the academic standards and quality in that organisation.

The report we publish represents the view of a professional team of inspectors and can be used in support of an application to the Home Office by organisations seeking to maintain their Tier 4 sponsorship licence.

In submitting applications for Educational Oversight, organisations are declaring that they are providing education programmes at QCF/NQF level 3 or below in accordance with the relevant frameworks for education qualifications and that they manage the quality of the learning experience with due reference to appropriate quality indicators.

Organisations seeking inspection and Educational Oversight from the ETI will be required to pay fees to cover the cost of the inspection activities carried out by the ETI (see fees document on the ETI website – footnote 3 above).

In considering your application, you can expect the ETI to show independence, impartiality, accountability and a professional approach demonstrating transparency and mutual respect in line with our published charter for inspection. Consideration of your application will be conducted on the basis of a detailed scrutiny to ensure eligibility criteria for Educational Oversight are met and to establish whether there is sufficient information to proceed to the inspection stage.

The ETI does not make decisions on Tier 4 sponsorship status, which is the responsibility of the Home Office.
