**November 2009**

**SPECIALIST SCHOOL BASELINE INSPECTION OF ANTRIM GRAMMAR SCHOOL,  
BT41 1AF (341-0209) (2009 COHORT 4)**

The Education and Training Inspectorate (Inspectorate) carried out an inspection as part of the above survey in Antrim Grammar School on 13 November 2009.

The school has identified appropriate and measurable targets for improvement to demonstrate:

- that mathematics and computing are areas of clear curricular strength, which have rising levels of attainment;
- how the strengths in mathematics and computing have the potential to promote quality teaching and learning and whole-school development;
- how the school will use mathematics and computing to develop existing links with their post-primary partners and primary schools, colleges of further education and the wider community, including business and industry; and
- viable financial planning to allocate funding.

The Inspectorate will continue to monitor the work of the school as part of the Specialist Schools' Programme.
