The school has identified appropriate and measurable targets for improvement to demonstrate:

- that the music and physical education departments are areas of clear curricular strength, which have rising levels of attainment;
- how the strengths in music and physical education have the potential to promote quality teaching and learning and whole school development;
- how they will use music and physical education to develop existing links with other schools, Further Education Colleges and the wider community; and
- viable financial planning to allocate funding.

The Inspectorate will continue to monitor the work of the school as part of the Specialist Schools' Project.
