**SPECIALIST SCHOOL BASELINE INSPECTION OF ST PATRICK'S COLLEGE,  
MAGHERA, CO LONDONDERRY, BT46 5BN (323-0234)**

The Education and Training Inspectorate carried out an inspection as part of the above survey in St Patrick's College, Maghera in January 2008.

The school has identified appropriate and measurable targets for improvement to demonstrate:

- that science is an area of clear curricular strength, which has rising levels of attainment;
- how the strengths in science have the potential to promote quality teaching and learning and whole school development;
- how they will use science to develop existing links with other schools, Colleges of Further Education and the wider community, including business and industry; and
- viable financial planning to allocate funding.

The Inspectorate will continue to monitor the work of the school as part of the Specialist Schools' Programme.
