## **INSPECTION SURVEY IN INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) 2007 (231-6525)**

The Education and Training Inspectorate carried out a survey in ICT of Foyle View School, Londonderry in March 2007. The strengths and area for development were identified as follows.

Strengths of the work include:

- the strong commitment of the Principal and senior management team to the development and embedding of ICT across all aspects of the work of the school;
- the sound and effective strategic planning for the continued development of ICT, with clear and appropriate targets and milestones identified;
- the strong commitment to ICT by all staff to maximise and enhance the pupils' learning experiences and achievements;
- the good quality of the teaching using ICT;
- the appropriate use of ICT to facilitate effective communication and decision-making with pupils who have profound and multiple learning difficulties;
- the broadening of the pupils' learning experiences through well developed external links and partnerships;
- the effective use of ICT, across the school, to share resources and record and celebrate the achievements of the children; and
- the appropriate focus on the continuing professional development of all staff.

Area for development:

- the implementation of the actions identified in the school's strategic development plan for ICT, including the development of an appropriate framework to support the self-evaluation of ICT throughout the school.
